# Vizio e series user manual

Page 1 6. Thank you for your support. For maximum benefit of your set, please read these instructions before making any adjustments, and retain them for future reference. We hope you will experience many years of enjoyment from your new VIZIO HDTV. For assistance, please call (877) 698-8462 or visit us at [www.vizio.com](http://www.vizio.com). Important Safety Instructions Your HDTV is designed and manufactured to operate within defined design limits, and misuse may result in electric shock or fire. To prevent your HDTV from being damaged, the following rules should be observed for the installation, use, and maintenance of your HDTV. Read the following safety instructions before operating your HDTV. Page 3 Liquid sprays or any object drops into your HDTV. Your HDTV is exposed to rain or other moisture. Your HDTV is dropped or damaged in any way. The performance of your HDTV changes substantially. Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com). Television Antenna Connection Protection External Television Antenna Grounding If an outside antenna/satellite dish or cable system is to be connected to the TV, make sure that the antenna or cable system is electrically grounded to provide some protection against voltage surges and static charges. Chapter 6 Specifications ... 54 Glossary – Standard Definitions ... 59 Chapter 7 Warranty ... 60 Chapter 8 Index ... 62 Code for Programming the Remote Control ... 64 Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com) ... Opening the Package Your VIZIO HDTV and accessories are carefully packed in a cardboard carton that has been designed to protect it from transportation damage. Now you have opened the carton check that your HDTV is in good condition and that all of the accessories are included. Avoid installing your HDTV in places with high humidity, dust, or smoke so you do not shorten the service life of the electronic components. • Install your HDTV in a level, landscape orientation, with the VIZIO logo at the bottom to prevent poor ventilation and excessive component damage. • Wall Mounting Your HDTV Your HDTV can be mounted on the wall for viewing. If you choose to mount your HDTV on the wall, follow the instructions below. 1. Write down the serial number located on the back of your HDTV in the space provided on page 1 to have it handy if you need to call for support. Preparing your LCD HDTV for Wall Mounting Your VIZIO HDTV can either be kept on the stand base or mounted on the wall for viewing. If you choose to mount the TV on the wall, please follow the instructions below for removing the stand. Chapter 2 Basic Controls and Connections Front Panel POWER 'VIZIO' LIGHT– The VIZIO name lights white when powered on and it will get dimmer when powered off. REMOTE CONTROL SENSOR and LIGHT SENSOR – This is the window through which of the remote control signals pass to the sensor. VIZIO 60HZ E SERIES User Manual Rear and Side Panel Connections Version 3/16/2010 [www.VIZIO.com](http://www.VIZIO.com). Page 12 Best connection in the field to transmit digital Audio and Video content. Connect an audio/video source for digital video such as a DVD multimedia player, a digital set-top box for cable or satellite receiver system. Your TV comes with four HDMI inputs. [www.VIZIO.com](http://www.VIZIO.com) or by calling 888-... Brightness and Contrast, or turn menu options On and Off. OK — When the OSD menu is up, pressing this key select the highlighted option in the menu. Please, refer to the tables at the end of this User's manual for the different codes to match the different manufacturers including the codes for VIZIO preferred accessories and equipment systems. The following procedure is required to do the programming: 1. Using a Cable or Satellite Remote Your VIZIO remote uses codes 11758 and 10178 to work your LCD HDTV. To use a cable or satellite remote to work the LCD HDTV, refer to your cable or satellite remote user guide for more information on how to program the remote. Connecting Equipment Chapter 3 Your HDTV has six different ways to connect your video equipment from a basic connection to the most advanced for digital signals. Connection Quality Connector (type) Best (digital) Best (digital) - - - - - Good (analog) Best... Cable and Satellite Boxes that have a HDMI digital interface should be connected to the HDMI input of the LCD HDTV for optimal results. Note: To maintain the display quality, use a VIZIO certified HDMI cable. Lengths are available up to 10 Meters. See [www.vizio.com](http://www.vizio.com) or call 1-888-VIZIOCE (1-888-849-4623) for details. Page 18 For Cable or Satellite Boxes with DVI: Turn off the power to the LCD HDTV and HDTV Set-Top Box. Using a HDMI-DVI cable, connect the DVI end to your HDTV Set-Top Box and the HDMI end to the HDMI2 Input at the side of the LCD HDTV. Using an audio cable (1/8"... COMP button on the Remote Control. Note: • Refer to your HDTV Set-Top Box user manual for more information about the video output requirements of the product or consult your cable or satellite operator. Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com). Connecting Coaxial (RF) Using Your Antenna or Digital Cable for DTV Turn off the power to the LCD HDTV. Connect the coaxial (RF) connector from your antenna or digital cable to the DTV/TV CABLE/ANTENNA connector at the rear of the LCD HDTV. Turn on the power to the LCD HDTV. DVD players that have a digital interface such as HDMI (High Definition Multimedia Interface) should be connected to the HDMI input of you HDTV for optimal results. Note: To maintain the display quality, use a VIZIO certified HDMI cable. Length is available up to 10 meters. See [www.VIZIO.com](http://www.VIZIO.com) or call 1-888-VIZIOCE (1-888-849-4623) for details. For DVD Players with DVI: Turn off the power to the LCD HDTV and DVD player. Using a HDMI-DVI cable, connect the DVI end to your DVD player and the HDMI end to the HDMI Input at the side of the LCD HDTV. Select Component using the INPUT button on the remote or side of the LCD HDTV, or directly by pressing the COMP button on the Remote Control. Note: • Refer to your DVD player user manual for more information about the video output requirements of the product. Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com). Using Composite (AV) Video Connecting your DVD Player (Good): Turn off the power to the LCD HDTV and DVD player. Connect the Video (yellow color) connector on your DVD player to the Video Y (green color) connector in the Component input of connectors at the rear of the LCD HDTV. Press EXIT key to exit the menu display. Note: • Refer to your Receiver/Amp user manual to select the corresponding audio input. • The audio output is not amplified and cannot be connected directly to external speakers. Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com). Connecting a PC (Computer) Turn off the power to the LCD HDTV and PC Computer. Connect a 15-pin D-Sub RGB (VGA) cable to the RGB output of your pc computer and the other end to the RGB PC input at the rear of the LCD HDTV. Using a 1/8"... 6. Press the OK button to confirm your choice. 7. Next screen will provide you the option to select your Time Zone, press ▲ or ▼ to select your choice. Press OK to confirm the selection. Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com). Page 28 NOTE: Select Cable only if you receive your cable service without a set-top box. 9. The Channel Scan progress screen opens if you selected Scan. At this point if you are using a cable or satellite set-top box, please press OK button to exit this process and use your cable box to select the channels. Be aware that the channel to be selected varies from provider to provider. You may have to call your provider to get the specific channel when using your HDTV. Some examples of these channels are 105, 106, 115, and 116. Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com). Page 30 Setting the Picture to User's Preferences 1. Press OK on the remote control. The Main menu opens. 2. Press the Navigation arrow keys to select Picture, and then press the OK key. The Picture Settings menu opens. 3. Press ▲ or ▼ to select Picture mode. 4. VIZIO 60HZ E SERIES User Manual Using the INFO Guide Press INFO three times on the remote to display program information for the channel you are watching. The following information is displayed when the INFO key is pressed: Date & Time – It shows the current date and time of the day of your local area, as long as the correct time zone had been selected. Press the power button on the remote or on the side of the HDTV. The VIZIO logo on the front will change from dim to bright. There are 3 options for selecting your programming: a. VIZIO 60HZ E SERIES User Manual Using the Navigation Wheel The Navigation Wheel on the remote control is designed to make the use of the OSD easier for you, as shown below: The OK key functions as a selection button, when the OSD is already displayed, the function of this key is to select the highlighted option. Note: To prevent the loss of data or important files, it is recommended to use a clean or newly formatted device or to make sure that the files have been backed up. VIZIO cannot be held liable if proper measurements and recommendations are not followed to prevent the loss of important data. Under these settings, the choices are: Repeat and Shuffle, Full Screen (it stretches the picture to fill the screen) and Speed (elapsed time between pictures). Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com). Page 36 Adjusting Wide settings The following table shows the different screen modes and display sizes according to the content being sent to the HDTV. Note: The red lines show the video signal being over scanned. Page 37 (1.85:1 or 2.35:1 source) program or movie, there will still be black bars at the top and bottom. This mode is available only when watching a widescreen program. Version 3/16/2010 VIZIO 60HZ E SERIES User Manual [www.VIZIO.com](http://www.VIZIO.com). Adjusting the Audio Settings When viewing a DTV / TV or an HDMI, Component, AV, or PC source, the following audio adjustment OSD screens are available when you press MENU on the remote control. Press ▲ / ▼ / ◀ / ▶ to highlight and select the choice, then press OK key to select the desired adjustment, and the press the EXIT key when finished making adjustments. – Allows adjusting the displayed time and date. 5. PC Settings – If the selected input is connected through RGB (computer being used), this option allows adjusting of display to accommodate the signal content.
