The game is widely popular in Nepal and some places in India. The game is very similar to other games based on Druccho in particular spades. In Callbreak the term: "hand" is used instead of the trick, "call" is used instead of the offer. FTER Each Deal player must make a "call" or "offer" for the number of hands that can capture. And the goal is to at least capture that many hands in the round and try to break the other player, ie stopping them to get their call. After each round, the points will be calculated and after five game rounds for all five-point players Rounds will be added as total points and player with the highest total point Win Deal & CallThere will be five game rounds or five offers in a game . The first retailer will be chosen at random and afterwards, the business shift rotates clockwise from the first retailer. The retailer will inflict all 52 four-player cards that ie 13 each. After completing each deal, the player left to the retailer will make a call - which is a number of hands (or tricks) that probably thinks to capture and will call again moves clockwise to the next player until all 4 Players tip © all 4 players until all 4 players calling.biddingall four players, starting from the player at the right dealer offer a series of tricks that must win in that round to get a positive score, otherwise they will receive a negative score. Playafter to each player completes their call, player to the retailer will make the first move, this first player can launch any card, the seed launched by this player will be the LED dress e Player after him / she must follow the highest degree of the same seed, if they no longer have the same dress the same dress so they must follow with any card of this LED dress, if they don't have this complete, then they have to break this dress from the trump card (which is the spade of any rank), if they don't have swords, they can throw any other card. The highest LED dress card will capture your hand, but if the LED dress has been broken by spade (s), so in this case the highest classified card of swords will capture your hand. but no. The winner of a hand will lead to the next hand. In this way the round continues up to the completion of 13 hands and after the next deal. Coryplayer that requires at least many tricks as its offer receives a score of its offer. Further tricks (above tricks) deserve an additional 0.1 times a point each. If it is not possible to obtain the declared offer, the score will be deducted equal to the offer indicated. After 4 rounds are completed, scores are added to help players establish a goal for their final round. After the final round, the winner and runner-up of the game are declared.
