It is very important, especially at our age, to show up at the field prior to the games and spend time jogging around the field at a slow pace, just to get warmed up prior to stretching out your leg muscles; this will help prevent leg injuries during the games. Also, it is a great idea to purchase a pair of "compression shorts" to wear under your softball shorts or pants; they really do make a difference. their acquisition, especially in the area of bat choice. Those "Old-Timers", who play a lot generally know what works the best and where to get it! As most know, online internet purchases from sites like "Direct Sports", if you mention FHS (Florida Half Century) softball, there is a significant discount. That's where most get their Miken Ultra II's, which brings up another subject and that

is "dugout protocol". It's always appropriate to ask someone if you want to use their bat; never just grab someone's bat without their permission. Especially since good composite bats cost a lot and wear out after so many swings. Generally they start at \$185.00 on sale and go up from there. So as a matter of team protocol and respect, always get permission to use another's equipment! Please checkout the three articles in the Batter's Box, that Lou Jiannine has written for our league, he has provided us with some very valuable bat information.

Undefeated Team Players On Monday night retired team shirts were distributed to the Dodgers players of the only team in BSSA league history to record an undefeated, they were only the second team to ever score 20+ victories in a season, they also scored a record 182 runs more than their opponents, and they were the stingiest team in the league to score against. What a Defense!!! The Dodgers dedicated the last four games of the season to teammate Paul Osiecki, who had died during the season, he was the catcher and backup pitcher for the Dodgers.

Team manager, Dan Deratany attributed their success to their excellent defensive efforts, in addition to being a group of great enthusiastic team players. "Every player on that team encouraged and cheered each other on, when you have that combination, along with a very vocally supportive fan base in the stands weekly, it makes you play better and you just can't be anything other than a winning team, it's all about team effort and team spirit."
