Frames are welded for extra strength. DECORATIVE RINGS - Rings are installed at the factory. You just install the fence and leave it. Don't forget the GATE HARDWARE, GATE POSTS, and GATE BRACKETS! 4" posts normal, use 6" posts for single gates over 45 square feet in size. Please shop Ornamental Gate Hardware for options that will work with your gate. DECK MOUNT CASTING - Deck mount castings can be used to mount posts to a flat surface such as concrete or decks. Shown from left to right is the Imperial finial, Victorian finial, and Majestic finial. Ordering Notes: Jerith aluminum estate gates do not include hinges and a latch. It will continue to look great for years to come without any maintenance or stress.All Jerith aluminum fences are constructed using a high-strength aluminum alloy called HS-35 that will never rust, even in coastal areas or around pools. Jerith Liberty Fence is an economical yet proven fence solution without all the extras.Sometimes you just want a fence that will hold up. The exception would be styles that have finials. Pickets come preassembled with an attractive screwless design where the picket fastens to the rails. The choice is up to you! Specify post or column mount. Jerith Estate GatesStyle #111 with Finials Unlike some gates, these are designed to be hung so that they arch up or down.
